

Principal's Message

Learning Update: Your child's Learning Update report will be published at 3:30 today! This Learning Update is a snapshot of some of the learning that your child was exposed to, and engaged in, so far this year. The Learning Update reflects what your child can do, what they need to work on, and offers Next Steps on what will help them with their learning.

Please take the time to discuss this update with your child, celebrate their successes, and talk about ways they can continue to grow.

Winter Showcase: Thank you Mrs. Nicholl for all of her hard work preparing our students for next week's Winter Showcase! We will be collecting donations at the door for the "[Don't Go Hungry](#)" Foundation. Click [HERE](#) for suggested donations.

For both performances, we ask that parents:

- **Arrive before the performance begins** (2PM/6PM). Doors will be closed once the performance begins, and we will not accommodate late arrivals
- **Reminder to bring your tickets** – you need your tickets for entry
- **Tickets will be given to the oldest student in the family for the matinee and/or evening performance**
- **Do not bring any food or drinks to the Matinee.** Water bottles will be allowed at the evening performance. We will be asking all food/tumblers/cups to be put aside before entry to the GYM
- **Please be present during the performances and ensure that all cell phones are turned off.** There will be an opportunity for families to take photos after each performance, and we encourage everyone to enjoy the show in the moment - through your eyes rather than through your phones.
- **Please stay for the WHOLE performance.** There will be a whole-group finale and it is important all students are present.

Please refer to the message sent out on Wednesday, December 10th regarding specific requests for the Matinee and Evening performances.

12 Days of Climate Club - The Climate Club is super excited to share ideas that will help us reduce our carbon footprint over the holiday season... in song form!! They were inspired by the classic "The 12 days of Christmas" and added their own green touch to the song. Please click [HERE](#) (attach song from email) for ideas on how to have a more environmentally friendly and carbon neutral holiday!
