

Principal's Message

As part of our focus on numeracy, students put their estimation skills to work in our Jellybean Challenge! It was so much fun visiting classrooms and seeing the many creative strategies students used to figure out how many jellybeans were in the jar. From making groups to using sample counts and other clever approaches, students showed great mathematical thinking while having fun with numbers. What a great way to engage students in numeracy learning! Congratulations to Div. - for the closest guess. What will they do with all the jelly beans?!

Stream of Dreams Project – We are looking for 10-15 parents to help us take down the salmon display on the fence. If you're available after drop-off on Tuesday, September 22 at 9 – 9:30AM, please meet in front of the school.
