Principal's Message

It has been an exciting week at Ecole Lord Tweedsmuir Elementary School! We were thrilled to officially install our **Stream of Dreams** salmon mural and extend a special thank you to the parents who helped bring the project to life. Students have also been actively engaged in **civics education**, learning about democracy and participating in a Student Vote connected to the local municipal election. Finally, We are so proud to share that our school **surpassed our fundraising goal for the Terry Fox Foundation**. Thank you to our students, families, and staff for your generous support and community spirit.

Reusable Utensils: We are encouraging students to pack a **reusable utensil** in their lunch kits. Having a fork or spoon on hand helps reduce our use of single-use items and supports our efforts to be environmentally responsible as a school community. Thank you for your support in making our school a greener school.

Extended absences: As per our Administrative Procedure 330, students who are absent for more than one week due to a family vacation, families must fill out this form. Please note that absences of more than 20 days, the student "will be removed from the school register, and you will need to re-register at Central Registration upon your return. Every effort will be made to place your child at their catchment school; however, placement will be dependent on available space."
